

Build-A-Bathroom

When exploring the bathroom together,
label each component and tell your child
what it's for.

1

Uh oh. Everything in the bathroom has lost its name. We need names to talk about potty training. So let's fix that.

Toilet Paper

Water

Pull-Ups[®] Training Pants

Faucet

Towel

Flush Handle

Toilet

Sink

Soap

Toilet Seat

Wipes

When we go to the bathroom,
we start by finding the toilet. Let's see.

Can you find the **TOILET**?

Sink

Pull-Ups® Training Pants

Toilet

Faucet

Flush Handle

Soap

Toilet Paper

Wipes

Towel

Toilet Seat

Water

3

We give the whole **TOILET** one name.

You sit down on the **TOILET SEAT**.

Sink

Pull-Ups® Training Pants

Faucet

Flush Handle

Soap

Toilet Paper

Wipes

Towel

Water

The **TOILET PAPER** is beside the toilet.

We use **WIPES** to clean what toilet paper can't.

Toilet paper and Wipes go in the toilet
before flushing.

We push the **FLUSH HANDLE** after we are done
going to the bathroom.

5

After going to the bathroom,
we slide our **PULL-UPS®** back up.

Pull-Ups® Training Pants

Sink

Faucet

Soap

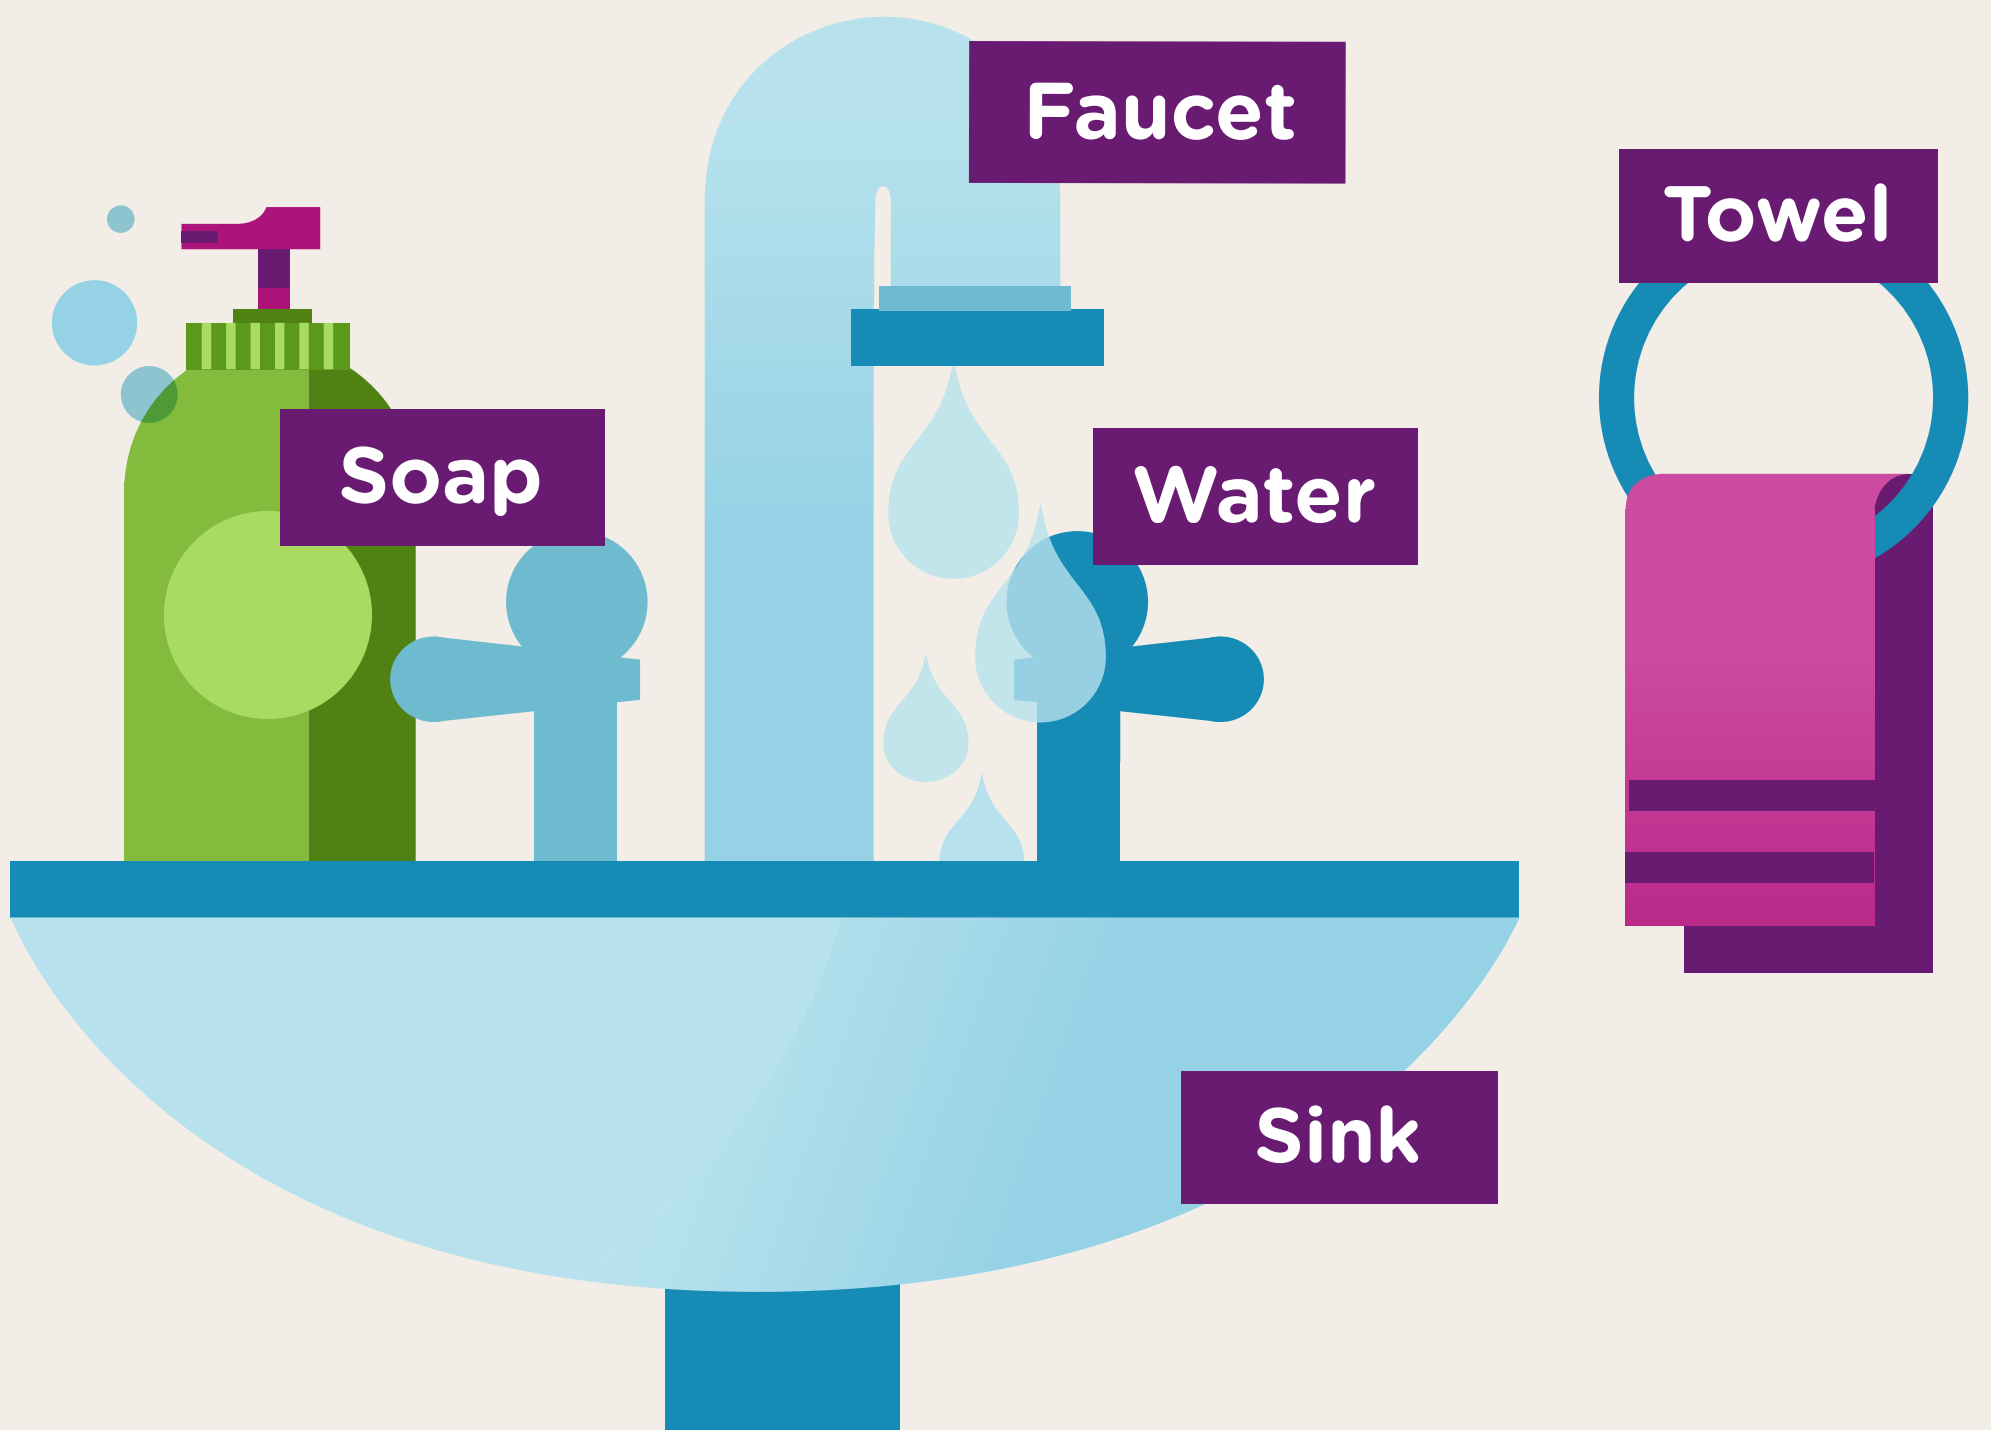

Towel

Water

6

To finish, we wash our hands in the **SINK**.
Get yourself some **SOAP**, turn on the **FAUCET**,
and put your hands in the **WATER**.

Turn off the faucet, and dry your hands
using the **TOWEL**.

Ah, doesn't that feel good? We've put the bathroom names back in their places.

Good work!
